About Sea Story

Weaving together 100 stories written especially for us by young people from across the UK, Sea Story takes you on a magical journey over, across, and even under the sea.

Combining dance, storytelling, music, and puppetry; expect storms, shipwrecks, pirates, and a very curious sea creature...

Sea Story is an exciting and immersive dance theatre performance for the whole family – recommended for ages 5+.

Duration: 50 minutes

Sea Story is highly adaptable and transportable, with minimal technical requirements. Suitable for unconventional performance spaces.

Watch the trailer at www.seastory.co.uk

"Truly inspiring and engaging... a wonderful adventure. The audience was totally enrapt."

- Karen Kidman, Creative Arts East

"A wonderful show, beautiful storytelling... great to see dance and storytelling working together so organically."

- Felicity Paterson, Omnibus Clapham

Supported using public funding by
**ARTS COUNCIL
ENGLAND**

Company

Sea Story is directed and choreographed by Rachel Birch-Lawson and Khyle Eccles.

We are passionate about the stories you find hidden in dance and music, the stories that start where the words end and our imagination takes over.

Working collaboratively with a team of artists from the worlds of dance, literature, theatre, and sound, we create immersive 'small-scale spectacles' to challenge, excite and inspire our audience.
