Extreme Improv is a hilarious fast paced improvised comedy show where comedians battle each other with comedy to win the Extreme Improv Championship title belt!

The performers make up scenes, songs and stories based entirely on audience suggestions.

The show features dozens of brand new improv challenges which test our performers verbally, mentally and physically.

Unique improv challenges include hilarious improv games such as the Reverse Alphabet scene, Question Combat and Single Syllable Showdown!

There are even ways for the audience to get involved and perform on stage with the cast in this brilliant interactive show!

The Extreme improv Kids Show is the answer!

Featuring the same high energy improv action that
Extreme improv have become known for, with added silliness
including even more audience interaction, puppets, props and
costumes!

Hosted by Professor Preposterous, a mad inventor who has
created the amazing Ideas Detector 3000 device to find
all the brilliant ideas for scenes, songs and stories from
the kids in the audience.

The only limit to what we make up is your kids imagination!
So expect a wild show featuring unicorns, zombies,
superheroes and much much more!

Suitable for all the family. The Extreme Improv
Kids Show is tailored to be a safe and enjoyable
show for children as young as 6+ and still great

EXTREME IMPROV

A flexible show to fit all venues, time slots, and budgets

VENUES

Extreme Improv is adaptable to work in any venue size with any audience capacity. We have had shows in bigger venues such as ATG Theatres and Glee Comedy Clubs, to smaller more intimate venues such as the Phoenix Artists Club in the West End and pub and Fringe theatres like The Tristan Bates Theatre London and The Caxton Arms in Brighton.

TIME SLOTS

We can adapt our show length to suit any booking needs a venue may have. Our flagship Extreme improv show usually lasts 2 hours which includes a short interval. We also regularly perform one hour slots at comedy clubs, and have performed shorter slots as part of festivals and showcase events.

BUDGET

We highly recommend our full flagship Extreme improv show which will feature a larger ensemble cast of our hilarious improvisers, and our full production values of improv games that use props, mics, musical games and projections.

If however budget is a concern, we are very happy to work with venues and bookers to organise a brilliant show that will still feature fantastic improvised comedy, but may scale back on some of our flagship bells and whistles and have fewer cast members.

INNOVATIVE NEW IMPROV CHALLENGES

Extreme Improv features literally dozens of improv challenges that our performers play to compete to be the funniest. Almost all of these are unique to Extreme Improv and not found in other improv comedy shows. And where we do use classic improv games we load them up with extreme twists to make them more challenging and fresh for a new audience!

With our focus on innovation Extreme Improv has created brand new improv games which challenge performers verbally, mentally and physically all in the name of comedy!

CHAMPIONSHIP

Audiences love sports, and game shows and the sense of competition! Extreme Improv takes this idea and pushes it to new limits as our performers compete to be funniest to capture the Extreme Improv Championship! This comes complete with a WWE style championship belt which has the potential to change hands several times in a show as the comedians battle with their wits to win over the audience and get the most laughter.

Better than an Oscar, the Extreme Improv Championship belt is the top prize in the competitive world of improv!
